

4-H RIFLE PROJECT

The 4-H Shooting Sports Program enables youth to become responsible, self-directed and productive members of society. The program transfers knowledge, skills and attitudes to develop human capital, using subject matter and resources of land-grant universities. Specific goals and objectives of the program include:

- Promoting the highest standard of safety, sportsmanship, and ethical behavior.
- Strengthening families through participation in life-long recreational activities.
- Teaching safe and responsible use of rifles as well as sound decision making, self-discipline, and concentration.

4-H THRIVE

Help Youth:

Light Their Spark

A spark is something youth are passionate about; it really fires them up and gives them joy and energy. Help youth find how this project excites them.

Flex Their Brain

The brain grows stronger when we try new things and master new skills. Encourage youth effort and persistence to help them reach higher levels of success.

Reach Their Goals

Help youth use the GPS system to achieve their goals.

Goal Selection: Choose one meaningful, realistic and demanding goal.

Pursue Strategies: Create a step-by-step plan to make daily choices that support your goal.

Shift Gears: Change strategies if you're having difficulties reaching your goal. Seek help from others. What are youth going to do when things get in their way?

Reflect

Ask project members how they can use their passion for this project to be more confident, competent and caring. Discuss ways they can use their skills to make a contribution in the community, improve their character or establish connections.

Starting Out *Beginner*

- Learn safety and courtesy on the range.
- Keep a shooting diary with notes and observations.
- Identify different types of safety equipment and how to use them.
- Participate in live fire exercises utilizing the fundamentals of firearms safety.
- Demonstrate how to safely handle a rifle.

Learning More *Intermediate*

- Describe four ways to save money and be economical while participating in your project.
- Give a presentation on some technical aspect of rifle shooting.
- Develop a personal reference library of resources that will be helpful in your project.
- Set specific goals related to rifle shooting and develop a plan to accomplish these goals.

Exploring Depth *Advanced*

- Develop your own special rifle event. Create a plan, chart progress, analyze successes and/or problems and report the results.
- Arrange a field trip for your project members to a location that has significance to marksmanship.
- Demonstrate proficiency in detecting and correcting rifle shooting errors in novice shooters.

The activities above are ideas to inspire further project development. This is not a complete list.

Expand Your Experiences!

Science, Technology, Engineering, and Mathematics

- Measure and record differences in accuracy when utilizing different types and brands of rifle ammunition.
- Experiment with distances and trajectories in rifle shooting and report on the results.

Healthy Living

- Explain at least three methods for securing a rifle and making it safe from unauthorized users.
- Research hearing loss and the importance of using ear protection when participating in rifle shooting.

Citizenship

- Plan and implement a community service activity related to the project.
- Work with a local agency to promote and/or provide safety locks for guns.
- Visit your local county board of supervisor meeting and report on the activities of your 4-H club or project.

Leadership

- Become a role model for others by taking the position of junior/teen leader.
- Mentor younger members in setting shooting specific goals and developing a plan on how to achieve them.
- Be responsible for teaching materials used at project meeting.
