

## Reusable Bag Project

Service Project-2016 CA 4-H State Fashion Revue

Utilizing our newly acquired 4-H sewing skills we've made this Reusable Bag from Repurposed Materials to be donated throughout our Great State of California. 4-H members are sewing for the greater good to educate citizens on the environmental problems associated with single use paper and plastic bags.

Ignite a *reusable Bag Habit* across the State of California.

I pledge my **HEAD** to clearer thinking  
My **HEART** to greater loyalty,  
My **HANDS** to larger service, and  
My **HEALTH** to better living,  
for my club, my community, my country and my world.

## THINGS YOU CAN DO TO START A REUSABLE BAG HABIT

Give friends & family reusable bags as gifts

Wrap presents in reusable bags.

Set a good example by just saying no to single-use bags when you're at the store.

Talk to local community and environmental groups about the bag issue

Ask your city to take on the single-use bag problem & create a healthy reusable bag habit in your community.
